

ALDERBURY PARISH COUNCIL SEPTEMBER 2024

Playground inspections

It was my month to do inspections in August.

I would like to recommend councillors consider the following:

1. The damaged picnic tables are a high risk whilst the exposed screws/nails are still in them. Either the tables should be removed completely or a repair done to make them safe
2. The bar gate at the village hall car park onto the recreation ground presents a danger to children swinging on it. The gate should be removed or a repair done to make it safe.

Other more minor matters can wait for the RoSPA report due soon.
